## BERRY BLOSSOM VODKA

Berry Blossom is Valentine's premium flavored vodka for summer – or an instant summer mood. We start with our award-winning craft vodka and infuse it with all-natural strawberry, rhubarb, and elderflower. Sweet and tart botanical flavors come together to create a delicately balanced spirit – delicious on the rocks or as the base for a fruity cocktail. Sweetened with real Michigan beet sugar. Hand-distilled in limited batches. Gluten-free. 20% fewer calories, 20% fewer carbs than industry peers. Bottled at 35% ABV/70 proof.

### HOW IT'S MADE

What you see is what you get – small-batch distilled, 24 hour filtered craft vodka, natural flavors, and a touch of sugar. Created in limited batches to ensure quality, Berry Blossom is a delicate marriage of fresh strawberry with hints of rhubarb and elderflower. Sweetened with real Michigan beet sugar. No chemicals, no additives.

### TASTING NOTES

Robust strawberry flavor right off the bat, with notes of tart, zippy rhubarb and herbaceous elderflower to delight the palate. Fruit-forward with a satiny, medium-to-full body and gentle mineral finish. Berry Blossom is a bouquet of Michigan summer in full bloom – with love, from Valentine Distilling.

*“Berry Blossom is the all-natural, fruit-forward cousin of our popular White Blossom vodka. Berry Blossom is summer in a glass, ripe with juicy strawberry, rhubarb, and elderflower.”*
